

Hair Moisturizer

Healthy HairCare Products™

Description

Healthy HairCare's Hair Moisturizer™ is a hair and skin moisturizer that assists in replacing vital oils to the hair and skin. When used daily, our Healthy HairCare's Hair Moisturizer™ helps to control dandruff, keeps manes and tails free of tangles and gives the coat a healthy, glistening shine.

Directions

Combine 1 part moisturizer with 8 parts of water and mix thoroughly in a spray bottle. Shake frequently during applications. After grooming or bathing, spray entire body, mane and tail. Rub in with clean towel or soft brush. following the direction of the coat. Spray into mane and tail, comb through.

We recommend using our Healthy HairCare's Hair Moisturizer™ as a daily grooming aid, after body clipping, bathing and to repair dry, brittle or sun damaged coats, manes and tails. Also, it is a super touch-up spray before entering the show ring.
