Store in a cool dry place out of direct sunlight. Keep lid tightly secured to ensure freshness. The container contains (1) non-toxic desiccant to help preserve freshness and ensure the shelf life of the product.

Cosequin® ASU PLUS is a product of Nutramax Laboratories®.

▼ Source: Surveys conducted in the Fall of 2002, March 2004, and September 2007 of equine veterinarians who recommended oral joint health supplements.

**Administration as a supplement for horses:**

Initial 2-4 Weeks		Long-Term Administration
600-1,200 lbs	4 scoops daily	<b>2 scoops daily</b>
Under 600 lbs	2 scoops daily	<b>1 scoop daily</b>

This chart should be used for guidance. Initial administration period is 2-4 weeks at 2 to 4 scoops per day depending on weight, or as recommended by your veterinarian. For horses over 1,200 lbs. administration may be increased. Cosequin ASU PLUS can be administered either at one feeding, or divided between feedings. Once response is noted, the number of scoops can gradually be reduced to a level that best maintains your horse. Prior to and during an event or strenuous exercise, administration may be increased back to the initial level for extra support.
