

The Power to Question

# CERTIFICATE OF ANALYSIS

Catalog Number: sc-204416  
Lot Number: SAMPLE  
Product Name: Zamifenacin fumarate  
CAS Number: 127308-98-9  
Molecular Formula:  $C_{27}H_{29}NO_3 \cdot C_4H_4O_4$   
Molecular Weight: 531.60

| Test                               | Specification | Result                                             |
|------------------------------------|---------------|----------------------------------------------------|
| Appearance                         |               | White solid                                        |
| Enantiomeric Excess                |               | 100%                                               |
| Identification (1H-NMR)            |               | Consistent with structure                          |
| Identification (Mass Spectrometry) |               | Consistent with structure                          |
| Purity                             |               | 99.7%                                              |
| TLC                                |               | Rf: 0.45                                           |
| Melting Point                      |               | 169.8 - 170.4 °C                                   |
| Solubility                         |               | Soluble in DMSO (53.2 mg/ml) and EtOH (20.0 mg/ml) |
| Carbon Content                     | 70.04%        | 70.06%                                             |
| Hydrogen Content                   | 6.26%         | 6.27%                                              |
| Nitrogen Content                   | 2.63%         | 2.62%                                              |

Satisfaction Guarantee: We appreciate your business and are committed to providing the highest level of quality and service. Any product that does not meet the performance standards indicated in our product literature will be replaced at no charge. Our policy is valid for one year from the date of your purchase.
