The Power to Question

Catalog Number: sc-214747  
Lot Number: SAMPLE  
Product Name: Clofibric Acid Acyl-β-D-glucuronide  
CAS Number: 72072-47-0  
Molecular Formula:  $C_{16}H_{19}ClO_9$   
Molecular Weight: 390.77  
Native Source: Synthetic

| Test                               | Specification | Result                    |
|------------------------------------|---------------|---------------------------|
| Appearance                         |               | Light yellow solid        |
| Identification ( $^1H$ -NMR)       |               | Consistent with structure |
| Identification (Mass Spectrometry) |               | Consistent with structure |
| Purity (TLC)                       |               | 90%                       |
| Atmosphere                         |               | Inert gas                 |
| Melting Point                      |               | 61 - 69 °C                |
| Solubility                         |               | DMSO, Methanol            |
| Carbon Content                     | 49.18%        | 43.34%                    |
| Hydrogen Content                   | 4.90%         | 4.46%                     |

Satisfaction Guarantee: We appreciate your business and are committed to providing the highest level of quality and service. Any product that does not meet the performance standards indicated in our product literature will be replaced at no charge. Our policy is valid for one year from the date of your purchase.
