

MATERIAL SAFETY DATA SHEET

The Power to Ouestion

Identification of the substance/preparation and of the company/undertaking 1.

sc-202062 Product name **Apoptolidin** Catalog #

Santa Cruz Biotechnology, Inc. Chemical formula **Supplier** C₅₈H₉₆O₂₁ 2145 Delaware Avenue Apoptolidin, Nocardiopsis sp. Santa Cruz, California 95060 Synonym

800.457.3801 or 831.457.3800

Emergency ChemWatch

Within the US & Canada: 877-715-9305 Outside the US & Canada: +800 2436 2255 (1-800-CHEMCALL) or call +613 9573 3112

Composition / information on ingredients

Substance/Preparation Substance

Chemical name*	CAS No.	EC Number	Symbol	R-Phrases
Apoptolidin, <i>Nocardiopsis</i> sp.	194874-06-1	Not available.	Xn	R22, R36/38

Hazards identification **3.**

Physical/chemical hazards : Not applicable

Human health hazards CAUTION!

> MAY BE HARMFUL IF SWALLOWED. MAY CAUSE EYE AND SKIN IRRITATION

First-aid measures 4.

First-Aid measures

Skin Contact

Eye Contact

Inhalation : If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Ingestion Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a

collar, tie, belt or waistband. In case of contact, immediately flush skin with plenty of water. Cover the irritated skin with an emollient. Remove

contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical

Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention

Effects and symptoms

Ingestion : Hazardous in case of ingestion.

Skin Contact Hazardous in case of skin contact (irritant). Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering

Eye Contact Hazardous in case of eye contact (irritant).

Aggravating conditions : Repeated or prolonged exposure is not known to aggravate medical condition

Fire-fighting measures

Flammability of the Product

: May be combustible at high temperature.

Extinguishing Media

Suitable : SMALL FIRE: Use DRY chemical powder.

LARGE FIRE: Use water spray, fog or foam. Do not use water jet.

Hazardous thermal (de)composition

products

These products are carbon oxides (CO, CO2).

Special fire-fighting procedures

: Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.

Protection of fire-fighters

: Be sure to use an approved/certified respirator or equivalent.

6. Accidental release measures

Personal precautions

 Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self-contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

Small Spill and Leak

. Use appropriate tools to put the spilled solid in a convenient waste disposal container.

Large Spill and Leak

Use a shovel to put the material into a convenient waste disposal container.

7. Handling and storage

Handling

: Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable protective clothing. If ingested, seek medical advice immediately and show the container or the label. Avoid contact with skin and eves.

Storage

: Keep container tightly closed. Keep container in a cool, well-ventilated area. Do not store above -20°C (-4°F).

Packaging materials

Recommended use

: Use original container.

8. Exposure controls/personal protection

Engineering measures

: Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

Hygiene measures

Wash hands, forearms, and face thoroughly after handling compounds and before eating, smoking, using lavatory, and at the end of day.

Ingredient Name

Occupational Exposure Limits

Apoptosis Activator IV, Apoptolidin

Not available

Personal protective equipment

Respiratory system

: Dust respirator. Be sure to use an approved/certified respirator or equivalent.

Skin and body

: Lab coat. : Gloves

Hands Eves

010400.

Protective Clothing (Pictograms)

Splash goggles.

9. Physical and chemical properties

Physical state

: Solid. (Lyophilized solid)

Color

: Not available.

Molecular Weight

1129.4 g/mole

Solubility

Soluble in methanol

Flash point

: Not available.

Explosive properties

Risks of explosion of the product in presence of mechanical impact: Not available. Risks of explosion of the product in presence of static discharge: Not available.

10. Stability and reactivity

Stability

The product is stable

Conditions to avoid

: Protect from moisture

Hazardous Decomposition Products

: These products are carbon oxides (CO, CO2).

11. Toxicological information

RTECS#

: Not available.

Local effects

Skin irritation

: Hazardous in case of skin contact (irritant).

Acute toxicity

LD50: Not available. LC50: Not available.

Chronic toxicity

: Repeated or prolonged exposure is not known to aggravate medical condition.

Other Toxic Effects on Humans

: Hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion.

To the best of our knowledge, the toxicological properties of this product have not been thoroughly investigated.

Carcinogenic effects : Not available. Not available. **Mutagenic effects** Reproduction toxicity Not available Teratogenic effects : Not available

Ecological information

Ecotoxicity

: Not available.

Toxicity of the Products of Biodegradation

: The products of degradation are less toxic than the product itself.

13. Disposal considerations

Contaminated packaging

Methods of disposal; Waste of residues; : Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Transport information

International transport regulations

Land - Road/Railway

ADR/RID Class : Not controlled under ADR (Europe).

<u>Sea</u>

IMDG Class : Not controlled under IMDG.

<u>Air</u>

: Not controlled under IATA. **IATA-DGR Class**

Special Provisions for

Not applicable.

Transport

Regulatory information

EU Regulations

Classification : Harmful Hazard symbol(s)

Risk Phrases R22- Harmful if swallowed.

R36/38- Irritating to eyes and skin.

S26- In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. **Safety Phrases**

S36- Wear suitable protective clothing. - Apoptosis Activator IV, Apoptolidin

Contains U.S. Federal Regulations

TSCA: No products were found.

SARA 302/304/311/312 extremely hazardous substances: No products were found. SARA 302/304 emergency planning and notification: No products were found. SARA 302/304/311/312 hazardous chemicals: No products were found

SARA 311/312 MSDS distribution - chemical inventory - hazard identification: No products were found.

SARA 313 toxic chemical notification and release reporting: No products were found.

Clean Water Act (CWA) 307: No products were found. Clean Water Act (CWA) 311: No products were found.

Clean air act (CAA) 112 accidental release prevention: No products were found. Clean air act (CAA) 112 regulated flammable substances: No products were found. Clean air act (CAA) 112 regulated toxic substances: No products were found.

HCS Classification CLASS: Toxic

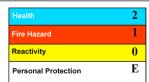

CLASS: Irritating substance.

WHMIS (Canada) Not controlled under WHMIS (Canada)

No products were found.
