Verruculogen: sc-204939

MATERIAL SAFETY DATA SHEET

The Power to Question

1. Identification of the substance/preparation and of the company/undertaking

Product name : Verruculogen

 Chemical formula
 : C₂₇H₃₃N₃O₇
 Supplier
 : Santa Cruz Biotechnology, Inc.

 Supplier
 : 2145 Delaware Avenue

 Synonym
 : Not available.
 Santa Cruz, California 95060

 800.457.3801 or 831.457.3800

Emergency : ChemWatch

sc-204939

Catalog #

Within the US & Canada: 877-715-9305 Outside the US & Canada: +800 2436 2255 (1-800-CHEMCALL) or call +613 9573 3112

2. Composition / information on ingredients

Substance/Preparation : Substance

Chemical name*	CAS No.	EC Number	Symbol	R-Phrases
Verruculogen, Penicillium verruculosum	12771-72-1	Not available.	T+	R27/28

3. Hazards identification

Physical/chemical hazards : Not applicable.

Human health hazards : DANGER!

MAY BE FATAL IF ABSORBED THROUGH SKIN OR IF SWALLOWED.
MAY CAUSE DAMAGE TO THE FOLLOWING ORGANS: NERVOUS SYSTEM.

4. First-aid measures

First-Aid measures

Skin Contact

Inhalation : If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Ingestion : If swallowed, do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention immediately.

: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.

Eye Contact : Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.

Effects and symptoms

Ingestion : Extremely hazardous in case of ingestion. May be fatal if swallowed.

Skin Contact : Extremely hazardous in case of skin contact (permeator). Severe over-exposure can result in death.

Aggravating conditions : Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or many human organs.

5. Fire-fighting measures

Flammability of the Product : May be combustible at high temperature.

Extinguishing Media

: SMALL FIRE: Use DRY chemical powder.

LARGE FIRE: Use water spray, fog or foam. Do not use water jet.

Hazardous thermal (de)composition

products

Suitable

: These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...).

Special fire-fighting procedures

: Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.

Protection of fire-fighters : Be sure to use an approved/certified respirator or equivalent.

Accidental release measures

: Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self-contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

Small Spill and Leak

Large Spill and Leak

- Use appropriate tools to put the spilled solid in a convenient waste disposal container.
- Stop leak if without risk. Do not get water inside container. Do not touch spilled material. Use water spray to reduce vapors. Prevent entry into sewers, basements or confined areas, dike if needed. Eliminate all ignition sources. Call for assistance on disposal.

7. Handling and storage

Handling

Keep locked up. Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. Avoid contact with skin. Wear suitable protective clothing. If ingested, seek medical advice immediately and show the container or the label

Storage

Keep container tightly closed. Keep container in a cool, well-ventilated area. Store at 4° C.

Packaging materials

Recommended use : Use original container.

Exposure controls/personal protection 8.

Engineering measures

Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

Hygiene measures

Wash hands, forearms, and face thoroughly after handling compounds and before eating, smoking, using lavatory, and at

Physical and chemical properties 9.

Physical state : Solid. Color Off-white Molecular Weight 511.6 g/mole **Solubility** Not available Flash point : Not available

Risks of explosion of the product in presence of mechanical impact: Not available. **Explosive properties** Risks of explosion of the product in presence of static discharge: Not available.

10. Stability and reactivity

Stability : The product is stable

: Not available Conditions to avoid

Hazardous Decomposition Products These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...).

Toxicological information

RTECS # : JH4920000

Local effects

Skin irritation

: Not available.

Acute toxicity

LD50: Not available. LC50: Not available.

Chronic toxicity

Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or

many human organs.

Other Toxic Effects on Humans

Toxic for humans or animal life. Extremely hazardous in case of skin contact (permeator), of ingestion.

Carcinogenic effects Not available **Mutagenic effects** : Not available. Reproduction toxicity : Not available : Not available. **Teratogenic effects**

12. Ecological information

Ecotoxicity

Toxicity of the Products of Biodegradation

: The products of degradation are less toxic than the product itself.

Disposal considerations

Contaminated packaging

Methods of disposal; Waste of residues; : Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Transport information

International transport regulations

UN number : UN2811

Land - Road/Railway

Proper shipping name : Toxic solid, organic, n.o.s.* **ADR/RID Class** : CLASS 6.1: Toxic substance.

Packing Group ADR/RID label

<u>Sea</u>

Proper shipping name : Toxic solid, organic, n.o.s.* **IMDG Class** CLASS 6.1: Toxic substance.

Packing Group IMDG label

<u>Air</u>

Proper shipping name Toxic solid, organic, n.o.s.*

UN/ID Number UN2811

CLASS 6.1: Toxic substance. **IATA-DGR Class**

Packing Group IATA label

Special Provisions for

Transport

: Not available

15. Regulatory information

EU Regulations

Hazard symbol(s)

Classification Very toxic

Risk Phrases : R27/28- Very toxic in contact with skin and if swallowed.

Safety Phrases

S36/37/39- Wear suitable protective clothing, gloves and eye/face protection.

S45- In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

Contains - Verruculogen, Penicillium verruculosum

U.S. Federal Regulations TSCA: No products were found.

> SARA 302/304/311/312 extremely hazardous substances: No products were found. SARA 302/304 emergency planning and notification: No products were found. SARA 302/304/311/312 hazardous chemicals: No products were found.

SARA 311/312 MSDS distribution - chemical inventory - hazard identification: No products were found.

SARA 313 toxic chemical notification and release reporting: No products were found.

Clean Water Act (CWA) 307: No products were found. Clean Water Act (CWA) 311: No products were found.

Clean air act (CAA) 112 accidental release prevention: No products were found. Clean air act (CAA) 112 regulated flammable substances: No products were found. Clean air act (CAA) 112 regulated toxic substances: No products were found.

HCS Classification CLASS: Highly toxic.

CLASS: Target organ effects

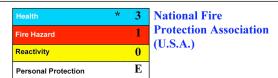

State Regulations

WHMIS (Canada) : CLASS D-1B: Material causing immediate and serious toxic effects (TOXIC).

No products were found.
