# N-(2-Aminophenyl)-N'-phenylheptanediamide: sc-207902

### MATERIAL SAFETY DATA SHEET

The Power to Question

## Identification of the substance/preparation and of the company/undertaking

Product name Chemical formula : Histone Deacetylase Inhibitor IV

: C<sub>19</sub>H<sub>23</sub>N<sub>3</sub>O<sub>2</sub>

Synonym : N¹-(2-An

N¹-(2-Aminophenyl)-N²-phenylheptanediamide

This product is being sent to you as Research and Development product as defined by the Toxic Substances Act (TSCA) of 1976. Due to TSCA's R&D exemption, this product is not listed on the U.S. EPA's Toxic Substances Control Act (TSCA's) inventory. As a TSCA-exempt R&D substance, this product must be used by or directly under the supervision of a technically qualified individual(s) as defined by TSCA. This product may not be used for commercial purposes or in

formulations used for commercial purposes.

Catalog # : sc-207902

**Emergency** 

Supplier : Santa Cruz Biotechnology, Inc. 2145 Delaware Avenue Santa Cruz. California 95060

## 2. Composition / information on ingredients

Substance/Preparation

: Substance

Chemical name*	CAS No.	EC Number	Symbol	R-Phrases
N¹-(2-Aminophenyl)-N²-phenylheptanediamide	537034-15-4	Not available.	Xn	R22, R36/37/38

## 3. Hazards identification

Physical/chemical hazards

- : Not applicable.
- Human health hazards : WARNING!

HARMFUL IF SWALLOWED

CAUSES RESPIRATORY TRACT, EYE AND SKIN IRRITATION.

### First-aid measures

### First-Aid measures

Inhalation

: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention immediately.

Ingestion

If swallowed, do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention immediately.
 In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing

Skin Contact

In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Cover the irritated skin with an emollient. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately.

Eye Contact

: Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention immediately.

### Effects and symptoms

Inhalation

: Very hazardous in case of inhalation (lung irritant)

Ingestion

: Very hazardous in case of ingestion. May be fatal if swallowed

Skin Contact

: Very hazardous in case of skin contact (irritant). Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering.

**Eye Contact** 

: Very hazardous in case of eye contact (irritant). Inflammation of the eye is characterized by redness, watering, and itching

**Aggravating conditions** 

: Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or many human organs.

# 5. Fire-fighting measures

Flammability of the Product

: May be combustible at high temperature.

**Extinguishing Media** 

Suitable

: SMALL FIRE: Use DRY chemical powder.

LARGE FIRE: Use water spray, fog or foam. Do not use water jet.

Hazardous thermal (de)composition

: These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...).

Special fire-fighting procedures

: Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.

Protection of fire-fighters

: Be sure to use an approved/certified respirator or equivalent.

## 6. Accidental release measures

 Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self-contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

Small Spill and Leak . Use a

Use appropriate tools to put the spilled solid in a convenient waste disposal container.

Large Spill and Leak

Stop leak if without risk. Do not get water inside container. Do not touch spilled material. Use water spray to reduce vapors. Prevent entry into sewers, basements or confined areas; dike if needed. Eliminate all ignition sources. Call

for assistance on disposal.

## 7. Handling and storage

Handling

Personal precautions

: Keep locked up. Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. If ingested, seek medical advice immediately and show the container or the label. Avoid contact with skin and eyes.

Storage

: Keep container tightly closed. Keep container in a cool, well-ventilated area. Do not store above -20°C (-4°F).

**Packaging materials** 

Recommended use : Use original container.

## 8. Exposure controls/personal protection

**Engineering measures** 

: Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

Hygiene measures

: Wash hands, forearms, and face thoroughly after handling compounds and before eating, smoking, using lavatory, and at the end of day.

**Ingredient Name** 

Occur

Histone Deacetylase Inhibitor IV

Occupational Exposure Limits
Not available.

#### Personal protective equipment

Respiratory system

Dust respirator. Be sure to use an approved/certified respirator or equivalent. Wear appropriate respirator when ventilation is inadequate.

Skin and body

Lab coat.

Hands

: Gloves.

Eyes
Protective Clothing (Pictograms)

: Splash goggles.

# 9. Physical and chemical properties

Physical state : Solid.

Molecular Weight : 325.4 g/mole
Solubility : Not available.
Flash point : Not available

Explosive properties: Risks of explosion of the product in presence of mechanical impact: Not available. Risks of explosion of the product in presence of static discharge: Not available.

# 10. Stability and reactivity

Stability : The product is stable

Conditions to avoid : Not available.

Hazardous Decomposition Products : These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...)

# 11. Toxicological information

RTECS # : Not available.

Local effects

Skin irritation : Very hazardous in case of skin contact (irritant).

Acute toxicity : LD50: Not available.

LC50: Not available.

Chronic toxicity : Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or

many human organs.

Other Toxic Effects on Humans

Very hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation (lung irritant) To the best of our knowledge, the toxicological properties of this product have not been thoroughly investigated.

Carcinogenic effects Not available. **Mutagenic effects** Not available Reproduction toxicity Not available : Not available Teratogenic effects

## Ecological information

**Ecotoxicity** 

: Not available.

Toxicity of the Products of **Biodegradation** 

: The products of degradation are less toxic than the product itself.

## Disposal considerations

Contaminated packaging

Methods of disposal; Waste of residues; : Waste must be disposed of in accordance with federal, state and local environmental control regulations.

## Transport information

**International transport regulations** 

Land - Road/Railway

**ADR/RID Class** : Not controlled under ADR (Europe).

IMDG Class : Not controlled under IMDG.

Air

**IATA-DGR Class** : Not controlled under IATA.

**Special Provisions for** 

Not applicable.

**Transport** 

#### Regulatory information 15.

#### **EU Regulations**

Hazard symbol(s)

Classification

**Risk Phrases** R22- Harmful if swallowed.

R36/37/38- Irritating to eyes, respiratory system and skin.

S26- In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. **Safety Phrases** 

S36- Wear suitable protective clothing.

: - Histone Deacetylase Inhibitor IV **Contains** 

**U.S. Federal Regulations** : TSCA: No products were found.

> SARA 302/304/311/312 extremely hazardous substances: No products were found. SARA 302/304 emergency planning and notification: No products were found. SARA 302/304/311/312 hazardous chemicals: No products were found.

SARA 311/312 MSDS distribution - chemical inventory - hazard identification: No products were found.

SARA 313 toxic chemical notification and release reporting: No products were found.

Clean Water Act (CWA) 307: No products were found. Clean Water Act (CWA) 311: No products were found.

Clean air act (CAA) 112 accidental release prevention: No products were found. Clean air act (CAA) 112 regulated flammable substances: No products were found. Clean air act (CAA) 112 regulated toxic substances: No products were found.

CLASS: Toxic **HCS Classification** 

CLASS: Irritating substance.

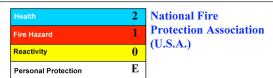

**State Regulations** 

WHMIS (Canada) : CLASS D-2B: Material causing other toxic effects (TOXIC).

No products were found.
